

WE ARE IN THIS TOGETHER

THANK YOU FOR YOUR TRUST

Welcome to Double Zero. We are very excited to serve you again. We know these are uncharted times, and we want you to feel safe and taken care of while dining in our restaurants. While so much is different in this new era, there are a few things that are NOT ... we are still Castellucci Hospitality Group, and we will continue to pursue our mission of creating perfect dining experiences, one guest at a time, however that now looks!

This short note will outline the ways we are planning to keep our guests and employees healthy and safe. We are excited to serve you, and thank you for your trust.

YOUR CHOICES AS A GUEST

Your server will ask your preferences for the following:

- Do you prefer bottled water or ice water?
- Do you prefer to use disposable cups and/or cutlery?
- Do you prefer contactless payment?

WHAT YOU CAN EXPECT TO CHANGE

- Your server will wear masks and gloves.
- We will provide single-use paper menus.
- We will reduce the frequency of server and manager visits.
- **Please use the service card to alert our team that you are in need of service.**
- Servers will not be actively clearing, resetting, or crumbing tables unless requested. This is to reduce closeness with each other.

OUR SAFETY PRECAUTIONS

- All employees wearing masks and gloves.
- All employee temperatures checked daily. Sick employees will not be allowed to work.
- Table spacing increased, and in instances where this is difficult, installation of plexiglass dividers for extra guest protection.
- Greater accessibility for guests and employees to handwashing and hand sanitation stations.
- Regular, and constant, sanitation of hard surfaces.
- Suspension of cash as a form of payment.

We kindly ask that you please respect that all patrons of our restaurant have a right to adhere to their own version of safety. Please limit your contact with other guests, and please adhere to social distancing spacing and guidance!

Thank you!

#CHGSTRONG
